INDUSTRIALISATION SUMMIT**

GMIS

Global Manufacturing &
Industrialisation Summit

*Taking a **Transformational** Approach*

New Delhi, India
November 13, 2019

www.gmisummit.com

GMIS is the world's first cross-industrial and cross-functional platform that offers a voice and venue for leaders to transform manufacturing, encourage greater investment in capabilities, foster innovation and drive global skills development.

Uniting influential delegates, including visionary world leaders, expert industry CEOs and specialist researchers and academics, the summit aims to place manufacturing at the heart of economic regeneration and government policymaking, utilising it as a tool for global cooperation and collaboration.
