

Mr. Gaurav Sarup, Managing Director of Marshall Machines Ltd. and Co-Founder of Marshall Automation America Inc. has been passionate about designing innovative machine tools ever since he joined the company in 1986.

A Production Engineer by qualification, Mr. Gaurav Sarup started his career at Marshall Machines Limited, a company established by his father and mentor Mr. Gautam Sarup in 1961. Mr. Gaurav Sarup's passion has been designing innovative machine tools and his career has been filled with many milestones including the prestigious FIE Foundation National Awards in 2009, 2013, 2015 & 2017.

Since 2012, Mr. Gaurav Sarup has been leading a team at Marshall Machines to develop 'Intelligence' for CNC machine tools that enables them to produce ZERO defect components and work with near ZERO accidents while reducing dependence on Operators & Inspectors. Marshall products range from hydraulic SPMs to single, double and four spindle CNC Lathes, to the award winning ROBOTURN Automated CNC Lathes and the SmartCorrect™ Gauging Stations.
