

Mr. K.G. Shenoy is Sr. Vice President – Manufacturing Operations, Automotive Division, Mahindra & Mahindra Ltd, Mumbai. where he is responsible for running eight Manufacturing Plants of Automotive Business. His responsibilities include Manufacturing, Plant Quality, Central Manufacturing Engineering, Plant Engineering, Central Production Planning & Control, Supply Chain Management, Projects and Industrial Relations. Along with the above, he is also Member of Automotive Sector Leadership Council, Automotive Executive Council and AFS CSR Council.

Mr. K.G. Shenoy is a Mechanical Engineer, started his career as Graduate Trainee Engineer in MSL followed by a stint at MICO, Nasik Where he had an all-round exposure to modern manufacturing and Quality functions.

He joined Mahindra & Mahindra Ltd., Nasik in the year 1995. During his tenure at Nasik Plant, he successfully handled and contributed significantly in the functions of Quality, Procurement, Supply Chain & Manufacturing.

Before joining Nagpur Plant, he was the Head of Operations at Igatpuri Plant from 2006 to 2010. In a short span of 3 years, with a young and dynamic team he transformed the operations of Igatpuri plant to the outperforming profitable World Class Unit.

In Nagpur Plant in a span of 4 years, the plant got 2 recognitions from JIPM in the form of TPM Excellence and Consistency Awards.

Under Mr. Shenoy's leadership, Nagpur Plant implemented the various Lean Tools in an integrated manner with TQM & TPM practices and through the effective use of 'Value Stream Mapping' team could bring in substantial improvements in manpower profitability, lead time reduction and quality.

He then moved as Head – Manufacturing, Supply Chain & Central Manufacturing Engineering, Farm Division in 2014. Under his Leadership FD Plants won TPM Special Award and then last year prestigious TPM advance special award to become first Indian Company to reach this level of excellence in TPM. Also, Farm Division is the only Company in the world to achieve this for entire end to end Supply Chain.

Mr. Shenoy has been instrumental in driving Innovation, Technology and Digital initiative powerfully in Manufacturing. He is playing a crucial role today in helping our Plants drive Industry 4.0 and move them to become "Smart Factories".

Mr. Shenoy has undergone one-year Senior Management Program in IIM Kolkata. He has been contributing as a member of CII for long years. He was Chairman of CII Vidarbha Council for two years and then served as member of the CII Maharashtra State Manufacturing Council. Currently he is a member of the CII National Manufacturing Council.

He is an ardent sports & auto enthusiast.

Mr. Shenoy is married & has two children.
